## GREAT INTEREST IN COMING FIGHT

DOUGHERTY AND WEEKS ARE DOING ACTIVE TRAINING FOR COMING BOUT.

The smoker to be given by the Casino club on the 12th is creating more interest among the flit-floving public daily. Large crowds visit the Casino every afternoon to watch their respective favorite do his stunt with the gloves, and the lucky spectator is well repaid for his time, for both boys tear into their sparring partners with a vim that makes one think that he is at the ring side watching a real scrap.

You can hear one spectator remark that Dougherty will be all to the good this time and the next remark will be that Freddie is all the candy, and the general opinion seems to be equally divided.

That the scrap will be a warm affair goes without saying, and every one you hear speak of the six-rounds on July 4th say they will certainly be there for the big show. The preliminary boys are also getting into shape, and next Wednesday night's smoker promises to be one of the most interesting entertainments that the most ardent fan could wish for. General admission will be \$2 with reserved seats at \$3.

MRS. LETSON BALLIET WHO ASSISTED AT THE FIREMEN'S BENEFIT LAST EVENING.

## BIG AMOUNT OF MONEY RAISED

GYMNASIUM FOR VOLUNTEER FIREMEN IS NOW AN ASSURED FACT.

It was certainly volunteer firemen's night.

Everybody was out in force last evening to witness the volunteer fire department benefit given at both the local theaters and to say that the playhouses were crowded would be putting it mild. Every seat was taken at both performances and standing room was at a premium. From early morn the firemen were out selling tickets and every one took several and it is safe to say that there is not a resident of this city this morning who has not several of the tickets still in their possession. They appreciated the cause that the volunteers were working for and did everything in their power to help them. The proceeds derived from last night's entertainment means that the gymnasium is now an assured fact and work will be started at once on the building, while the committee which has in charge the securing of the paraphernalia have placed orders which will be filled at once.

Certainly great credit must be given both to the citizens and the volunteers, one for the work performed, the other for his aid in consummating a benefit which will eventually be given the firemen in the shape of a gymnasium. The cause is a worthy one and the people of Tonopah can always be relied upon to come forward in giving assistance in any measure of this character. Too much praise can not be given the management of the theaters for the lease of their houses at a merely nominal sum and the services of the local talent who acquitted themselves in a highly commendable manner.

At the Butler theater the instrumental music furnished by Messrs. Hensel, Stark and Tangle was responded to by an encore. Mrs. Letson Balliet, who had been prevailed upon to appear, delighted the large audience with her rendition of sev-

eral solos and the audience kept up a demand and she was compelled to appear time and time again. Miss Nora Emmett and Miss Balliet sang a duet and Mr. Arthur Burrows, whose voice has a distinct charm was forced to respond to encores.

At the Nevada theater Alfred Kells, in a vaudeville stunt in which he took a soubrette part, caused paroxysms of laughter. He was brought to the footlights again and again. Arthur Perry, who is rated an artist on the violin, rendered several delightful solos accompanied on the piano by Herman Albert. Harry Downs, who is ever in demand, sang several solos which the audience highly appreciated. Walter Dow, the regular soloist, was in magnificent voice and charmed everybody with the several solos which he rendered.

The films at both theaters were manipulated in such a manner as to give the most pleasing effect.

The streets were one mass of surging humanity and the visitor in our midst could well imagine that he was at Narragansett pier or at Newport from the number of people seen.

## FIREMEN TO MEET THIS EVENING

A meeting of the Tonopah volunteer fire department will take place this evening at the fire house and matters of importance will be discussed. The amusement committee, who have had charge of the benefit entertainment, will report and the amount raised for the gymnasium will be reported. A delegation of the various fraternal organizations in Tonopah will also be present and means discussed as to the possibility of adding an extra story to the gymnasium to be used for a fraternal hall. All members are requested to be present.

## ASKS SUPPORT FOR BAND CONCERTS

The Tonopah brass band has appointed a committee to interview the citizens and business men of the town to see what amount could be subscribed for regular weekly concerts until late in the season and while the evenings are pleasant. All who are interested in this project are kindly invited to co-operate with the band. A number of business men have already promised to subscribe liberally towards the undertaking, and no doubt all will contribute what they can. The concerts will be given at different parts of the town, so that all may enjoy the music.

## T. & T. OFFICIAL VISITS TONOPAH

W. R. ALBERGER OF THE BORAX SMITH ROAD ARRIVED YESTERDAY.

W. R. Alberger, traffic manager of the Tonopah and Tidewater railway, is a Tonopah visitor, coming in on last night's train. He will leave this afternoon for Los Angeles.

Mr. Alberger is rated as one of the most competent railroad men in the United States. He is essentially a western man, understands the needs of the west and as an operator and manager has no peer. A comparatively young man his future career will be watched with great interest. For many years he was connected with the Santa Fe railway system, but was induced by Borax Smith to assume charge of a line which is destined to become a still more important factor in the building up of this state. Regarding rumors of the Tonopah and Tidewater building to Ely and connecting there with the Western Pacific, Mr. Alberger was non-committal, but he was free to say that his road was out for business and if extensions or connections were necessary that it was the policy of the Tonopah and Tidewater management to see that they were made. Mr. Alberger has a host of friends throughout Nevada and particularly in Tonopah.

### RAILWAY OFFICIAL DUE TODAY.

Thomas M. King, president of the board of directors of the Tonopah and Goldfield railway, accompanied by several railroad and Tonopah Mining company officials, are scheduled to arrive in Tonopah this morning.
